

Get together of young IO researchers

Get together of young IO researchers will be held during the 21st International Input-Output Conference at Kitakyushu.

Purpose:

The purposes are the following.

- (1) To make presentations about unpublished or published research findings in the input-output field and discuss the findings.
- (2) To enhance knowledge/idea exchange on IO researches and explore possible future collaborations.
- (3) To deepen our understanding of the role and future directions of Input-Output Analysis (IOA).
- (4) To strengthen our friendships.

Date:

July 10, 2013

Workshop venue:

Kitakyushu International Conference Center (The IIOA Conference Venue)

Schedule:

/July 10, 2013/

After the conference-

- | | |
|--------|--|
| 18:10 | Seminar
(Invited speaker: Prof. Dr. Dabo Guan (University of Leeds)) |
| 19:30- | Welcome party (at Japanese style restaurant “Izakaya” near the conference venue)
(Fee: 3,500 JPY) |

Activity:

Prof. Dr. Dabo Guan will give a presentation about future of IO and advices for jobs, and then we will have discussions on the presentation and the wide range of discussions about IO.

Entry qualification:

Student or researcher within five years after the graduation.

Submission and contact:

If you want to join the seminar and have some questions, please send an e-mail to Yuko Oshita (y_oshita<at>maritime.kobe-u.ac.jp). The deadline for the submission of an application is June 8, 2013.

Organizers: Yuko Oshita

Kobe University

y_oshita<at>maritime.kobe-u.ac.jp

Keiichiro Kanemoto

Tohoku University

kanemoto<at>cneas.tohoku.ac.jp

We are looking forward to seeing many young IO researchers at the seminar!
